

Pink Tee Clothing Launches At PGA Expo

= Fashion & Function With An Edge =

Pink Tee, Inc today announced a new clothing line to revolutionize how girls look on and off the fairways with an exclusive line and unique approach to girls' golfing fashion. The line incorporates the most current color trends such as cool blues and earth tones. Pink Tee's line will be branded with a custom tee holder, accessorized with a pink golf tee, custom buttons, lower waist bands and lengthier polos. The result is a product embracing fashion, function and a cutting edge look.

The company is the brainchild of Entrepreneurs and Golfers Amy Wisehart and Misti Snow. Pink Tee has been product testing in key fashion-conscious regions of LA and Orange County creating a distinct buzz, on and off the golf course, with youth-minded girl golfers.

"We have an exciting opportunity with Pink Tee, to serve as a bridge between golf, performance, fashion and the female golfer, at any level. We have been developing this sport-couture line for the past year. A lot of thought and passion has gone into this brand and it shows in each piece we have created", said Wisehart.

The PGA Fall Expo (Las Vegas) will be the first launch of the exclusive Pink Tee clothing line. The line will be on display at booth #330 and featured in the New Product Center of the show.

During the initial stage of launch, Pink Tee will be looking to sign fashion-forward girl golfers at all levels including high school teams, college teams, key U.S. female pros and up-and-coming female golf professionals. "Events, like the PGA Expo are a great way to bring the product to the people. The show allows us to meet our customers and potential athletes to sponsor face to face, at the same time", said Snow.

Pink Tee is a lifestyle, sports-couture brand embracing fashion, form and function. The clothing is designed for both professional and casual female golfers. The Pink Tee line includes jackets, capris, skorts, polo shirts, t-shirts and key golfing accessories.
